

Aetna MedicareSM Plan (PPO) offered by Aetna Life Insurance Company

Annual Notice of Changes for 2021

You are currently enrolled as a member of Aetna Medicare Plan (PPO). Next year, there will be some changes to the plan's costs and benefits. *This booklet tells about the changes.*

What to do now

1. **ASK:** Which changes apply to you

- Check the changes to our benefits and costs to see if they affect you.
 - It's important to review your coverage now to make sure it will meet your needs next year.
 - Do the changes affect the services you use?
 - Look in Sections 1.5 and 1.6 for information about benefit and cost changes for our plan.

- Check the changes in the booklet to our prescription drug coverage to see if they affect you.
 - Will your drugs be covered?
 - Are your drugs in a different tier, with different cost sharing?
 - Do any of your drugs have new restrictions, such as needing approval from us before you fill your prescription?
 - Can you keep using the same pharmacies? Are there changes to the cost of using this pharmacy?
 - Review the 2021 Drug List and look in Section 1.6 for information about changes to our drug coverage.
 - Your drug costs may have risen since last year. Talk to your doctor about lower cost alternatives that may be available for you; this may save you in annual out-of-pocket costs throughout the year. To get additional information on drug prices visit go.medicare.gov/drugprices. These dashboards highlight which manufacturers have been increasing their prices and also show other year-to-year drug price information. Keep in mind that your plan benefits will determine exactly how much your own drug costs may change.

- Check to see if your doctors and other providers will be in our network next year.
 - Are your doctors, including specialists you see regularly, in our network?
 - What about the hospitals or other providers you use?
 - Look in Section 1.3 for information about our *Provider Directory*.

- Think about your overall health care costs.
 - How much will you spend out-of-pocket for the services and prescription drugs you use regularly?
 - How much will you spend on your premium and deductibles?
 - How do your total plan costs compare to other Medicare coverage options?
- Think about whether you are happy with our plan.

2. COMPARE: Learn about other plan choices - Your coverage is offered through your former employer/union/trust

It is important that you carefully consider your decision before dropping your coverage with Oxy. This is important because you may permanently lose benefits you currently receive under your former employer/union/trust retiree group coverage if you switch plans.

- Contact your plan benefits administrator to see if there are other options available.
- Check coverage and costs of individual Medicare health plans in your area.
 - Use the personalized search feature on the Medicare Plan Finder at www.medicare.gov/plan-compare website.
 - Review the list in the back of your Medicare & You handbook.
 - Look in Section 2.2 to learn more about your choices.

3. CHOOSE: Decide whether you want to change your plan

- If you want to **keep** the same Aetna Medicare plan, your plan benefits administrator will give you instructions if there is any action you need to take to remain enrolled.
- You can change your coverage during your former employer/union/trust's open enrollment period. Your plan benefits administrator will tell you what other plan choices might be available to you under your group retiree coverage.
- You can switch to an individual Medicare health plan or to Original Medicare; however, this would mean dropping your group retiree coverage with OXY. As a member of a group Medicare plan, you are eligible for a special enrollment period if you leave your former employer/union/trust's plan. This means that you can enroll in an individual Medicare health plan or Original Medicare at any time. Look in Section 2.2 to learn more about your choices.

4. ENROLL: To change plans, call your plan benefits administrator for information

SECTION 1 Changes to Benefits and Costs for Next Year

Section 1.1 – Changes to the Monthly Premium

Your coverage is provided through a contract with your former employer/union/trust. Your plan benefits administrator will provide you with information about your plan premium (if applicable).

You must also continue to pay your Medicare Part B premium.

- Your monthly plan premium will be *more* if you are required to pay a lifetime Part D late enrollment penalty for going without other drug coverage that is at least as good as Medicare drug coverage (also referred to as “creditable coverage”) for 63 days or more.
- If you have a higher income, you may have to pay an additional amount each month directly to the government for your Medicare prescription drug coverage.
- Your monthly premium will be *less* if you are receiving “Extra Help” with your prescription drug costs. Please see Section 5 regarding “Extra Help” from Medicare.

Section 1.2 – Changes to Your Maximum Out-of-Pocket Amounts

To protect you, Medicare requires all health plans to limit how much you pay “out-of-pocket” during the year. These limits are called the “maximum out-of-pocket amounts.” Once you reach this amount, you generally pay nothing for covered services for the rest of the year.

Cost	2020 (this year)	2021 (next year)
<p>Combined maximum out-of-pocket amount</p> <p>Your costs for covered medical services (such as copays and deductibles, if applicable) from in-network and out-of-network providers count toward your combined maximum out-of-pocket amount. Your plan premium (if applicable) does not count toward your maximum out-of-pocket amount.</p>	<p>\$3,400</p>	<p>\$3,400</p> <p>Once you have paid \$3,400 out-of-pocket for covered services, you will pay nothing for your covered services from in-network or out-of-network providers for the rest of the calendar year.</p>

Section 1.3 – Changes to the Provider Network

There are changes to our network of providers for next year.

An updated *Provider Directory* is located on our website at oxy.aetnamedicare.com. You may also call Member Services for updated provider information or to ask us to mail you a *Provider Directory*.

Please review the 2021 *Provider Directory* to see if your providers (primary care provider, specialists, hospitals, etc.) are in our network.

It is important that you know that we may make changes to the hospitals, doctors and specialists (providers) that are part of your plan during the year. There are a number of reasons why your provider might leave your plan, but if your doctor or specialist does leave your plan you have certain rights and protections summarized below:

- Even though our network of providers may change during the year, we must furnish you with uninterrupted access to qualified doctors and specialists.
- We will make a good faith effort to provide you with at least 30 days' notice that your provider is leaving our plan so that you have time to select a new provider.
- We will assist you in selecting a new qualified provider to continue managing your health care needs.
- If you are undergoing medical treatment you have the right to request, and we will work with you to ensure, that the medically necessary treatment you are receiving is not interrupted.
- If you believe we have not furnished you with a qualified provider to replace your previous provider or that your care is not being appropriately managed, you have the right to file an appeal of our decision.
- If you find out your doctor or specialist is leaving your plan, please contact us so we can assist you in finding a new provider to manage your care.

Section 1.4 – Changes to the Pharmacy Network

Amounts you pay for your prescription drugs may depend on which pharmacy you use. Medicare drug plans have a network of pharmacies. In most cases, your prescriptions are covered *only* if they are filled at one of our network pharmacies.

There are changes to our network of pharmacies for next year. **Please review the 2021 *Pharmacy Directory* to see which pharmacies are in our network.** Our network includes pharmacies with preferred cost sharing, which may offer you lower cost sharing than the standard cost sharing offered by network pharmacies for some drugs. Page 1 of the *Prescription Drug Schedule of Cost Sharing* lists the name of your network and whether or not the network includes pharmacies with

preferred cost sharing. Please refer to this network name when looking for 2021 network pharmacies. The *Prescription Drug Schedule of Cost Sharing* is enclosed in this packet.

An updated *Pharmacy Directory* is located on our website at oxy.aetnamedicare.com. You may also call Member Services for updated pharmacy information or to ask us to mail you a *Pharmacy Directory*.

Section 1.5 – Changes to Benefits and Costs for Medical Services

We are changing our coverage for certain medical services next year. The information below describes these changes. For details about the coverage and costs for these services, see the 2021 *Schedule of Cost Sharing* included in this package.

Section 1.6 – Changes to Part D Prescription Drug Coverage

Changes to Our Drug List

Our list of covered drugs is called a Formulary or “Drug List.” A copy of our Drug List is provided electronically.

We made changes to our Drug List, including changes to the drugs we cover and changes to the restrictions that apply to our coverage for certain drugs. **Review the Drug List to make sure your drugs will be covered next year and to see if there will be any restrictions.**

If you are affected by a change in drug coverage, you can:

- **Work with your doctor (or other prescriber) and ask the plan to make an exception** to cover the drug.
 - To learn what you must do to ask for an exception, see Chapter 9 of your *Evidence of Coverage (What to do if you have a problem or complaint (coverage decisions, appeals, complaints))* or call Member Services.
- **Work with your doctor (or other prescriber) to find a different drug** that we cover. You can call Member Services to ask for a list of covered drugs that treat the same medical condition.

In some situations, we are required to cover a temporary supply of a non-formulary drug in the first 90 days of the plan year or the first 90 days of membership to avoid a gap in therapy. To learn more about when you can get a temporary supply and how to ask for one, see Chapter 5, Section 5.2 of the *Evidence of Coverage*. During the time when you are getting a temporary supply of a drug, you should talk with your doctor to decide what to do when your temporary supply runs out. You can either switch to a different drug covered by the plan or ask the plan to make an exception for you and cover your current drug. Meanwhile, you and your doctor will need to decide what to do before your temporary supply of the drug runs out.

- **Perhaps you can find a different drug** covered by the plan that might work just as well for

you. You can call Member Services to ask for a list of covered drugs that treat the same medical condition. This list can help your doctor to find a covered drug that might work for you.

- You and your doctor can ask the plan to make an exception for you and cover the drug. To learn what you must do to ask for an exception, see the *Evidence of Coverage* which is located on our website at oxy.aetnamedicare.com. Look for Chapter 9, Section 6 (*What to do if you have a problem or complaint (coverage decisions, appeals, complaints)*).

Transition applies to all Part D prescription medications not included on the formulary, or that are on our formulary but with a restriction, such as prior authorization or step therapy. A transition supply will be provided to you at the point-of-sale with exceptions where certain drugs require coverage determination whether it should be covered under Medicare Part B or Part D benefit. In such case, it might require your doctor or pharmacy to provide additional information; therefore, the issue may not be resolved at point-of-sale.

- If you are a currently enrolled member who does not request an exception before January 1, 2021, and your current Part D eligible drug therapy coverage is negatively impacted by a formulary change, we will cover up to a 30-day temporary supply of the drug starting on January 1st.
- If you experience a change in your setting of care (such as being discharged or admitted to a long term care facility), your physician or pharmacy can request a one-time prescription override. This one-time override will provide you with temporary coverage (up to a 30-day supply) for the applicable drug(s).

Regardless of the reason you received a temporary supply, you will need to utilize our exception process if you need to continue on the current drug.

Important Note: Please take action on working with your doctor to find appropriate alternatives or to file your exception requests before January 1st. It will make for a very easy transition into the next calendar year. To learn what you must do to ask for an exception, see the *Evidence of Coverage* which is located on our website at oxy.aetnamedicare.com. Look for Chapter 9 of the *Evidence of Coverage (What to do if you have a problem or complaint)*.

Most of the changes in the Drug List are new for the beginning of each year. However, during the year, we might make other changes that are allowed by Medicare rules.

When we make these changes to the Drug List during the year, you can still work with your doctor (or other prescriber) and ask us to make an exception to cover the drug. We will also continue to update our online Drug List as scheduled and provide other required information to reflect drug changes. (To learn more about changes we may make to the Drug List, see Chapter 5, Section 6 of the *Evidence of Coverage*.)

Changes to Prescription Drug Costs

Note: If you are in a program that helps pay for your drugs (“Extra Help”), **the information about costs for Part D prescription drugs may not apply to you.** We sent you a separate insert, called the “Evidence of Coverage Rider for People Who Get Extra Help Paying for Prescription Drugs” (also called the “Low Income Subsidy Rider” or the “LIS Rider”), which tells you about your drug costs. If you receive “Extra Help” and haven’t received this insert by September 30, 2020, please call Member Services and ask for the “LIS Rider.”

There are four “drug payment stages.” How much you pay for a Part D drug depends on which drug payment stage you are in. (You can look in Chapter 6, Section 2 of your *Evidence of Coverage* for more information about the stages.)

The information below shows the changes for next year to the first two stages – the Yearly Deductible Stage and the Initial Coverage Stage. (Most members do not reach the other two stages – the Coverage Gap Stage or the Catastrophic Coverage Stage. To get information about your costs in these stages, look in the enclosed *Prescription Drug Schedule of Cost Sharing*.)

Changes to the Deductible Stage

Stage	2020 (this year)	2021 (next year)
Stage 1: Yearly Deductible Stage	Because we have no deductible, this payment stage does not apply to you.	Because we have no deductible, this payment stage does not apply to you.

Changes to Your Cost Sharing in the Initial Coverage Stage

Your cost sharing in the initial coverage stage may be changing from copayment to coinsurance or coinsurance to copayment. Please see the following chart for the changes from 2020 to 2021.

To learn how copayments and coinsurance work, look at Chapter 6, Section 1.2, *Types of out-of-pocket costs you may pay for covered drugs* in your *Evidence of Coverage*.

Stage	2020 (this year)	2021 (next year)
<p>Stage 2: Initial Coverage Stage</p> <p>During this stage, the plan pays its share of the cost of your drugs and you pay your share of the cost.</p> <p>The costs in this row are for a one-month (30-day) supply when you fill your prescription at a network pharmacy that provides standard or preferred cost sharing. For information about the costs for a long-term supply or for mail-order prescriptions, look in the <i>2021 Prescription Drug Schedule of Cost Sharing</i> included in this packet.</p> <p>We changed the tier for some of the drugs on our Drug List. Changes to the Coverage Gap and Catastrophic Coverage Stages

The other two drug coverage stages – the Coverage Gap Stage and the Catastrophic Coverage Stage – are for people with high drug costs. **Most members do not reach the Coverage Gap Stage or the Catastrophic Coverage Stage.**

For information about your costs in these stages, look in the *2021 Prescription Drug Schedule of Cost Sharing* included in this packet.

SECTION 2 Deciding Which Plan to Choose

Section 2.1 – If you want to stay in Aetna Medicare Plan (PPO)

Your plan benefits administrator will tell you if you need to do anything to stay enrolled in your Aetna Medicare Plan.

Section 2.2 – If you want to change plans

We hope to keep you as a member. However, if you want to change your plan, here are your options:

Step 1: Learn about and compare your choices

- You can join a different Medicare health plan timely. Your plan benefits administrator will let you know what options are available to you under your group retiree coverage.
- You can switch to an individual Medicare health plan.
- – *OR* – You can change to Original Medicare. If you change to Original Medicare, you will need to decide whether to join a Medicare drug plan. If you do not enroll in a Medicare drug plan, please see Section 1.1 regarding a potential Part D late enrollment penalty.

It is important that you carefully consider your decision before dropping your coverage with Oxy. This is important because you may permanently lose benefits you currently receive under your former employer/union/trust retiree group coverage if you switch plans. Call OxyLink at 800-699-6903 for information about dropping your coverage.

To learn more about Original Medicare and the different types of Medicare plans, read *Medicare & You 2021*, call your State Health Insurance Assistance Program (see Section 4), or call Medicare (see Section 6.2).

You can also find information about plans in your area by using the Medicare Plan Finder on the Medicare website. Go to www.medicare.gov/plan-compare. **Here, you can find information about costs, coverage, and quality ratings for Medicare plans.**

Step 2: Change your coverage

- To **change to a different Medicare health plan**, enroll in the new plan. You will automatically be disenrolled from Aetna Medicare Plan (PPO) also known as the Oxy Medicare Advantage PPO Plan.
- To **change to Original Medicare with a prescription drug plan**, enroll in the new drug plan. You will automatically be disenrolled from Aetna Medicare Plan (PPO) also known as the Oxy Medicare Advantage PPO Plan.
- To **change to Original Medicare without a prescription drug plan**, you must either:
 - Send us a written request to disenroll. Contact Member Services if you need more

information on how to do this (phone numbers are in Section 6.1 of this booklet).

- – *OR* – Contact **Medicare**, at 1-800-MEDICARE (1-800-633-4227), 24 hours a day, 7 days a week, and ask to be disenrolled. TTY users should call 1-877-486-2048.

SECTION 3 Deadline for Changing Plans

You may be able to change to a different plan during your former employer/union/trust's open enrollment period. Your plan may allow you to make changes at other times as well. Your plan benefits administrator will let you know what other plan options may be available to you.

Are there other times of the year to make a change?

As a member of a group Medicare plan, you are eligible for a special enrollment period if you leave your former employer/union/trust's plan. This means that you can enroll in an individual Medicare health plan or Original Medicare at any time during the year.

It is important that you carefully consider your decision before dropping your coverage with Oxy. This is important because you may permanently lose benefits you currently receive under your former employer/union/trust retiree group coverage if you switch plans. Call OxyLink at 800-699-6903 for information about dropping your coverage.

SECTION 4 Programs That Offer Free Counseling about Medicare

The State Health Insurance Assistance Program (SHIP) is a government program with trained counselors in every state.

SHIPs are independent (not connected with any insurance company or health plan). They are state programs that get money from the Federal government to give **free** local health insurance counseling to people with Medicare. SHIP counselors can help you with your Medicare questions or problems. They can help you understand your Medicare plan choices and answer questions about switching plans. You can call your SHIP at the phone number in Addendum A at the back of the Evidence of Coverage.

SECTION 5 Programs That Help Pay for Prescription Drugs

You may qualify for help paying for prescription drugs. Below we list different kinds of help:

- **“Extra Help” from Medicare.** People with limited incomes may qualify for “Extra Help” to pay for their prescription drug costs. If you qualify, Medicare could pay up to 75% or more of your drug costs including monthly prescription drug premiums, annual deductibles, and coinsurance. Additionally, those who qualify will not have a coverage gap or late enrollment

penalty. Many people are eligible and don't even know it. To see if you qualify, call:

- 1-800-MEDICARE (1-800-633-4227). TTY users should call 1-877-486-2048, 24 hours a day/7 days a week;
 - The Social Security Office at 1-800-772-1213 between 7 am and 7 pm, Monday through Friday. TTY users should call 1-800-325-0778 (applications); or
 - Your State Medicaid Office (applications).
- **Help from your state's pharmaceutical assistance program.** Many states have state pharmaceutical assistance programs (SPAPs) that help people pay for prescription drugs based on their financial need, age, or medical condition. To learn more about the program, check with your State Health Insurance Assistance Program (the name and phone numbers for this organization are in Addendum A at the back of the Evidence of Coverage).
 - **Prescription Cost-sharing Assistance for Persons with HIV/AIDS.** The AIDS Drug Assistance Program (ADAP) helps ensure that ADAP-eligible individuals living with HIV/AIDS have access to life-saving HIV medications. Individuals must meet certain criteria, including proof of State residence and HIV status, low income as defined by the State, and uninsured/under-insured status. Medicare Part D prescription drugs that are also covered by ADAP qualify for prescription cost-sharing assistance through the state ADAP. For information on eligibility criteria, covered drugs, or how to enroll in the program, please call your state ADAP (the name and phone numbers for this organization are in Addendum A at the back of the *Evidence of Coverage*).
